## eBay商店模板设计

motor store temp

The screenshot displays the eBay store template design interface. On the left, a preview window shows a store layout with a blue header banner featuring a motorcycle engine and the text "YOUR MOTOR IS IN YOUR ONLINE SHOP". Below the banner are sections for "固定排列横幅" (Fixed layout banner), "BEST PRODUCTS" (Best products), "推介产品" (Recommended products), "EazyGallery设定" (EazyGallery settings), and "货品刊登" (Product listings). A red box highlights the banner area in the preview. On the right, a settings panel titled "<< 预览" (Preview) includes a color selection tool, a "Select" dropdown, and various toggle switches for store settings. The "全宽度横幅" (Full width banner) setting is highlighted with a red box and is currently turned "ON". Other settings include "商店整体设置" (Store overall settings), "基本风格设置" (Basic style settings), "商店名称横幅" (Store name banner), "目录栏" (Directory bar), "工具栏" (Toolbar), "商店首页设定" (Store homepage settings), "固定排列横幅" (Fixed layout banner), "自由宽度横幅" (Free width banner), "推介产品" (Recommended products), "EazyGallery设定" (EazyGallery settings), and "货品刊登设置" (Product listing settings).
