Frequently Asked Questions for Wish.com

1. How to set shipping cost for Wish items?

How to set shipping cost for Wish items?

Please set shipping cost according to the priorities below:

"Edit Shpping" in SoldEazy datasheet > "Product Default shipping" in SoldEazy > "Default Shipping Price" for specific countries on Wish

Attention!

If you have not set some countries as "ship-to country" on Wish, you will not find these countries when you try to "Edit Shipping" in SoldEazy datasheet.

The "exclude ship-to location" options on SoldEazy contain countries you have already set to be "ship-to country" on Wish, the number of country in "exclude ship-to location" options are less or equal to the "ship-to country" list on Wish.

Fin
