EC-Ship has two sets of accounts: Hongkong Post ID and EC-Ship Username. Please find from your EC-ship portal to understand your account type and link up with SoldEazy accordingly.

if you do not know your username, please refer to the capture below

Please use the user name to complete link-up process in SoldEazy, you will receive an email in the EC-Ship account registered email, **please click the verification link in the email in time** , or the process may fail.

Because an EC-Ship account can only be used for linking up once only, **please do not remove your EC-Ship account in Shipping Channel**, or this account may be invalid after being deleted, you might need to go to Hong Kong Post website to register a new EC-Ship account for linking up.
