How to add Categories/ revise Categories of BC using SoldEazy?

Go To Channel>Channel Setting>Store Category

Create your category & the BC site will real-time update accordingly

Operation Reminder:

If created categories via BC, use the "Sync Back" function to let SoldEazy synchronize the changes

Currently SoldEazy supports 2-layer categories, be sure the category setting won't exceed & using SoldEazy to maintain setting is recommended

BC-related Reminders:

>Need to change email items in BigCommerce Back-end

>Need to revise text per included in pages (e.g. Our Service, Shipping Information, etc.); include hyperlinks settings

>Need to change credit card part for Alicialiving's own operation (>Account Settings>Account Summary> Update billing details)

>Recommend not to edit the Theme Editor part that requires technical knowledge
