2018-08-31 System Update Notice

New Features:

1. Fitment Profile: enabled bulk edit function, user can now search/ replace/ delete fitment entry in bulk without opening a specific fitment profile. Action result can be found in job manager.
2. Fitment Profile: every profile will show the "last-modified" date & time with the person's name.
3. Datasheet Maintenance: listing downloader function for eBay
**Listing Downloader function will not import listings maintained by SoldEazy
4. ShipEazy: Added new Shipping Channel: DHL, user can now use "DHL express" account for generating tracking number and ship orders.
Note: Please select "DHL Express(online)" for shipping courier in package profile, only users that ship from Taiwan are able to use DHL as shipping courier at the moment.

Changed:

1. Fitment Profile: the name of exported file is now added eBay site & category number.
