2018-09-11 system update notice

2018-09-11 system update notice

New Features:

1. Product-Based Shopping Experience(PBSE)Go to Listing > Listing Maintenance > Listing Recommendation, the results will show which listings that need eBay product ID(ePID)
2. Datasheet editing: For adding ePID for single SKU listing, you can click search button for ePID in LISTING BASIC, the system will automatically search by your item title/ UPC/ EAN/ ISBN. For adding ePID for multi-variation listings, please add ePID in VARIATIONS
3. Datasheet preview: For viewing ePID added to datasheet, you can click the "View selected product" button to view the item info related to this ePID
4. eBay catalog viewing: Go to HELP > Appx-eBay category, you can view PBSE requirements for certain eBay category
5. Datasheet editing: Users now can add paragraphs in "additional return policy details"
