Error: At least one of the variations associated with this listing must have a quantity greater than 0.

Error: To require immediate payment, you must specify a Buy It Now price.

Error: At least one of the variations associated with this listing must have a quantity greater than 0.  
Error: To require immediate payment, you must specify a Buy It Now price.

Error: At least one of the variations associated with this listing must have a quantity greater than 0.

Error: To require immediate payment, you must specify a Buy It Now price.

If you see this error when trying to OS(out-of-stock) a BIN GTC multi-variation listing, then you might have disabled the OS(out-of-stock) function manually by accident.

This function is enabled by default on eBay backend and also in SoldEazy.

Resolution:

Go to Channel > Sales Channel, find the account of your listing, click the gear button on the right and enable the OS(out-of-stock) function as below.

# Ebay Account Setting -

Default Setting

Default Business Profile	<input type="text"/>
Default Warehouse	<input type="text"/>
Allow Oversell	ACCORDING TO SKU <input type="text"/>
Auto Refill	ACCORDING TO SKU <input type="text"/>

Out of Stock Setting  ON

Auto stock-level trigger OS function (Auto OS)	ACCORDING TO SKU <input type="text"/>
Change the out-of-stock GTC listing to OS status	NO <input type="text"/>
END the out-of-stock non-GTC fixed price listings	NO <input type="text"/>
END the out-of-stock Auction listings	NO <input type="text"/>

Payment Setting

Allow Paypal email

Duplicate-listing Prevention Assistant (DPA)

Intercept ALL Format (Auction + Fixed price) Duplicate Listings	<input checked="" type="checkbox"/> ON <input type="checkbox"/>
Allow Duplicate listing in AUCTION	<input type="checkbox"/> OFF

eBay Strike Through Pricing (STP)

Allow user to add (or change) STP on Datasheet	<input type="checkbox"/> OFF
