I am listing in Australian site (AU) and the datasheet clearly shows 100 AUD. Why does it show 110 AUD

in eBay?

I am listing in Australian site (AU) and the datasheet clearly shows 100 AUD. Why does it show 110 AUD in eBay?

Answer? As eBay Australian site collects 10% Goods and Service Tax for the listing which is less than 1000 AUD, eBay will increase the seller's selling price by 10% automatically.
