1. How to search and add eBay Product ID (ePID) in datasheet?

1. **My product does not have Global Trade Item Number (GTIN) how can I search and add ePID?**

Login to SoldEasy go to **Listing > Datasheet > Datasheet Maintenance** ,

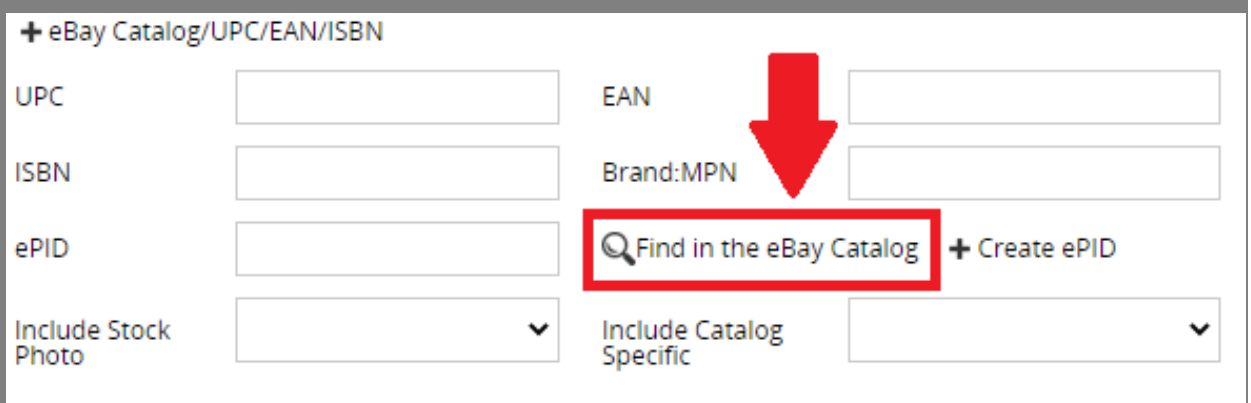

Find out the datasheet you need to revise and click the pencil icon to go to edit mode

Choose the first part <Listing Basic>

The screenshot shows the 'Listing Basic' tab selected, indicated by a red box and a green checkmark. Below the tabs, the 'Listing' section is highlighted. The 'eBay Acct' field is set to 'polybag-monster', and the 'Biz Profile' is 'DROPSHIP_EBAY_US_BIN'. The 'Title' field contains 'Glarry Folk Guitar Strings Set'. A red arrow points from the 'Listing Basic' tab to the 'Listing' section.

Click the magnifier in <eBay Catalog/UPC/EAN/ISBN> area on the below to search the available eBay ePID

The screenshot shows the 'eBay Catalog/UPC/EAN/ISBN' search area. It includes input fields for 'UPC', 'ISBN', 'ePID', 'EAN', and 'Brand:MPN'. A red arrow points down to the 'Find in the eBay Catalog' button, which is highlighted with a red box. The '+ Create ePID' button is also visible. Below these fields are dropdown menus for 'Include Stock Photo' and 'Include Catalog Specific'.

Under the condition without any GTIN message, the system will automatically use the item title/description/item specifics to search by default, and the result is as follows

3. How to add ePID to multi-variation options?

If your datasheet is multi-variation, please go to <Variations> and click <Find in the eBay Catalog>

If the option does not have GTIN/UPC/ EAN/ ISBN/ MPN, then the system will use item title/description/item specifics to search, the results are as follows

If your product already has been filled in with GTIN, then the system will use GTIN to search automatically
