How to add eBay Product ID (ePID) to the datasheet?

1. How to search and add eBay Product ID (ePID) in datasheet?
  1. I do not have GTIN how can I search and add ePID?
  2. I have GTIN how to search and add ePID?
  3. How to add ePID to multi- variation options?

1. How to search and add eBay Product ID (ePID) in datasheet?

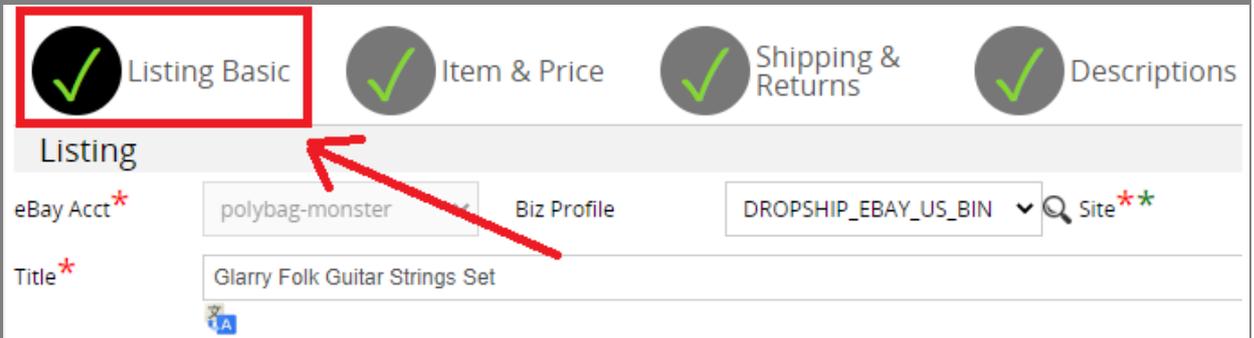

1. My product does not have Global Trade Item Number (GTIN) how can I search and add ePID?

Login to SoldEasy go to Listing > Datasheet > Datasheet Maintenance ,

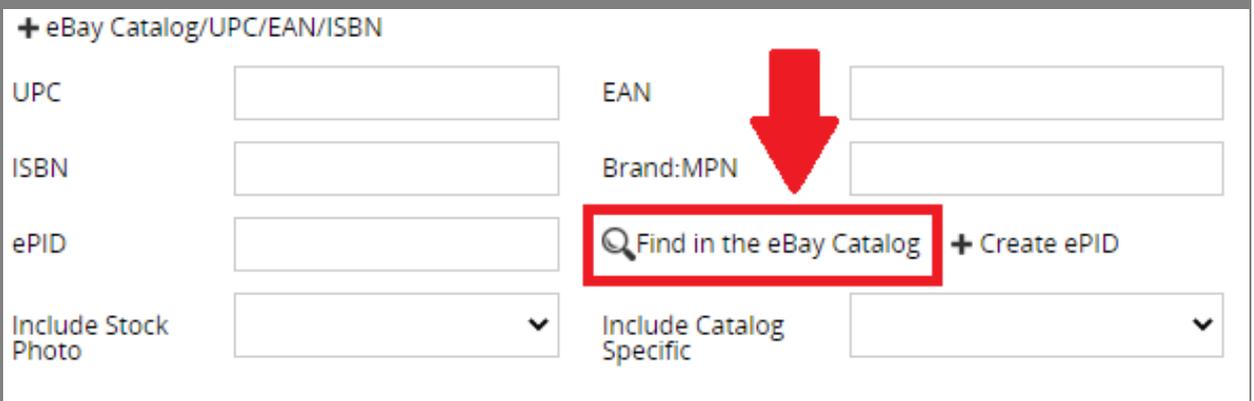

Find out the datasheet you need to revise and click the pencil icon to go to edit mode

Choose the first part <Listing Basic>

The screenshot shows a multi-step process with four steps: Listing Basic, Item & Price, Shipping & Returns, and Descriptions. The 'Listing Basic' step is highlighted with a red box and a red checkmark. Below the steps, the 'Listing' section is active. It includes fields for 'eBay Acct\*' (polybag-monster), 'Biz Profile' (DROPSHIP\_EBAY\_US\_BIN), and 'Site\*\*'. The 'Title\*' field contains 'Glarry Folk Guitar Strings Set'.

Click the magnifier in <eBay Catalog/UPC/EAN/ISBN> area on the below **to search**  
**the available eBay ePID**

The screenshot shows the 'eBay Catalog/UPC/EAN/ISBN' search area. It includes input fields for UPC, ISBN, EAN, and Brand:MPN. A red arrow points to the 'Find in the eBay Catalog' button, which is highlighted with a red box. To the right of this button is a '+ Create ePID' button. Below these fields are dropdown menus for 'Include Stock Photo' and 'Include Catalog Specific'.

Under the condition without any GTIN message, the system will automatically use the item title/description/item specifics to search by default, and the result is as follows

Include Stock Photo:   Include Catalog Specific:

The user can also choose whether to include Stock Photo and Catalog Specific.

Click <Save and verify> after finishing

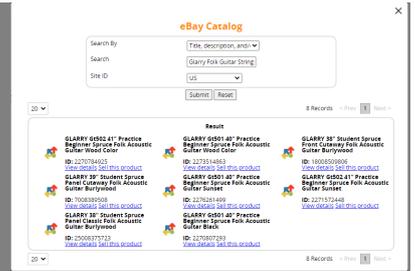

\*\* In different eBay site, even the same product, the ePID is different. You must search and add it again.

### 3. How to add ePID to multi-variation options?

If your datasheet is multi-variation, please go to <Variations> and click <Find in the eBay Catalog>

If the option does not have GTIN<sup>?</sup>UPC/ EAN/ ISBN/ MPN<sup>?</sup>, then the system will use item title/description/item specifics to search, the results are as follows

If your product already has been filled in with GTIN, then the system will use GTIN to search automatically
