

Error of listing or synchronization: Sorry, you cannot list fixed price auctions

??ID?: 769 | ?: ?? | ??: Tue, Jul 28, 2020 12:32 PM

Sorry, you cannot list fixed price auctions

Sorry, you cannot list fixed price auctions

The reason for this error is that the listing method of the datasheet does not meet the requirements

That datasheet does not support BIN (fixed price) listing method

Influencing factors? The seller account performance below the eBay standard etc., just like the rate of negative view is too large
