The screenshot shows the eBay Store design interface. On the left, there's a sidebar with icons for layout style, main design, tools, product data, mobile templates, and settings. Below that is a 'Setting' section with links for product description parts, content, product text descriptions, item details, custom product attributes, and image banners. A large central area shows a product listing template with a placeholder 'Drop here' for an image. To the right of the image placeholder is a red box highlighting a 'Hot Item' section with two items: 'Demo Hot Item 1' and 'Demo Hot Item 2'. A large red arrow points from the 'Image Banner' link in the sidebar towards the 'Drop here' placeholder. At the bottom, there's a question mark placeholder '?????????????220px??'.

The screenshot shows the SoldEazy store builder interface. On the left, there's a sidebar with various tools and settings. The 'Tools' icon (a folder with a document) is highlighted with a red box. Below it, the 'Pictures' option is also highlighted with a red box. A large central area is labeled 'Drop here' with a red arrow pointing towards it, indicating where users can drag and drop content blocks. To the right, there are two examples of such blocks: one for 'eBay Top rated seller' and another for 'Secure online shipping'. At the bottom right, there's a 'Hot Item' section displaying two items: 'Demo Hot Item 1' (USD 9.99) and 'Demo Hot Item 2' (USD 9.99), each with a small thumbnail image.
