How to Integrate PayPal

1. Integrate PayPal
 - 1. Integrate PayPal
 - 2. Integrate app
 - 3. Integrate SoldEazy app
2. Integrate

* Integrate PayPal business

1. Integrate PayPal

1) Integrate PayPal

Go to <https://developer.paypal.com> " Log into Dashboard "

The screenshot shows the PayPal Developer website interface. At the top, there is a navigation bar with the PayPal Developer logo, links for Docs, APIs, and Support, a search bar, and a "Log into Dashboard" button highlighted with a red arrow. Below the navigation bar is a main content area with the heading "Explore our payment products and solutions". This area contains six cards representing different payment products: Checkout, PayPal Commerce Platform, Subscriptions, Payouts, Invoicing, and Accept card payments. Each card includes a brief description of the product. At the bottom of the screenshot, there is a section titled "Get the Smart Payment Buttons code" which displays the PayPal logo, the PayPal CREDIT logo, and logos for VISA, Mastercard, AMEX, and DISCOVER. A "Powered by PayPal" logo is also visible at the bottom.

2) REST API app

REST API app " My Apps & Credentials " REST API apps " Create App "

The screenshot shows the PayPal Developer dashboard. The left sidebar has a menu with 'My Apps & Credentials' highlighted. The main content area is titled 'REST API apps' and contains a 'Create App' button. A note indicates that features for live transactions are listed in the account eligibility page.

REST API app "Create app" ("Sandbox developer account", PayPal e-mail app)

The screenshot shows the 'Create New App' form. The 'App Name' field is filled with 'SoldEazy app'. The 'Sandbox developer account' field is partially filled with a masked email address. A red arrow points to the email field with the text 'Do not touch'. The 'Create App' button is at the bottom.

"Create App" (Sandbox developer account).

: " LIVE " app SoldEazy

3) SoldEazy app

"Client ID" "Show"
