1. Shopify App
Shopify, " Apps "

The screenshot shows the Shopify Admin interface. On the left, there's a sidebar with links like Home, Orders, Products, Customers, Content, Analytics, Marketing, and Discounts. Under Sales channels, 'Online Store' is selected, showing Themes, Blog posts, Pages, Navigation, and Preferences. A red box highlights the 'Apps' link under Sales channels. The main content area has a header 'Online Store' and a search bar 'Type to find apps'. Below it, there are sections for 'Installed apps' (empty) and 'Recommended apps'. A red box highlights the 'App and sales channel settings' button in the recommended apps section.

" Create an app " APP

The screenshot shows the Shopify Admin interface under the 'App development' section. A red box highlights the 'Create an app' button in the top right corner of the main page. A modal window titled 'Create an app' is open in the foreground, also featuring a green box highlighting its 'Create app' button. The modal contains fields for 'App name' (set to 'soldeazy') and 'App developer' (set to a placeholder email). A note below the developer field states: 'Can only be assigned to staff and collaborators with permission to develop apps. We'll contact them about development updates, like changes to Shopify APIs.' Below this note is a link to the 'Shopify API License and Terms of Use'. The background of the main page shows a message about developing apps with caution and a note about app development being allowed on 14 October 2020.
