Buy It Now Dutch Auctions are not supported

at this time.

Buy It Now Dutch Auctions are not supported at this time.

There is a conflict between **Buy It Now** and **Auction** when you set up your listing.

1. For Buy It Now listings , you must leave blank for those fields related to auction.
2. For Auction listings, do not set up Buy It Now Price, do not use quantity other than 1, do not turn on Best Offer.
