Analytical Charts

??ID?: 75 | ?: ? | ??: Tue, Nov 14, 2017 3:59 PM

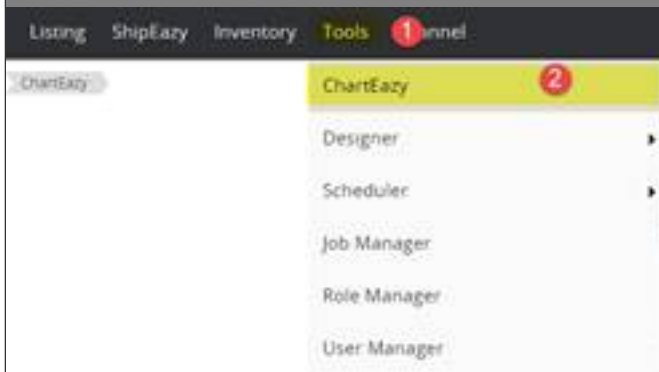

ChartEasy

SoldEazy provides users with 3 types of data analysis: Traffic, Sale, and SKU. With the data, users are empowered to adjust the marketing strategy.

How to check the analysis?

Login to SoldEasy and go to **ChartEasy**

You may search for the required information by selecting different criteria. Click the [search](#) button.

⚠ Please note that only data in the last 24 hours, 7 days and 30 days are available.

Three categories are provided:

1. **Traffic:** You can have a traffic summary of different accounts and sites

2. **Sale:** Sales reports of different accounts and sites are available

3. **???**: A summary of the best-selling and worst-selling products, the trend of the sales of products in different

4. **Custom Chart:** According to user's request to create a report. If you want to monitor the performance of a

accounts, you may enter an SKU here. The report will be generated a day later.

Add Custom Chart

Chart Type: Traffic

Chart Title: SKU
