

# Error: Variations specifics and item specifics entered for a multi-SKU item should be different

Article Number: 780 | Rating: 1/5 from 1 votes | Last Updated: Thu, Jul 30, 2020 12:29 PM

Error: Variations specifics and item specifics entered for a multi-SKU item should be different

1. Error: Variations specifics and item specifics entered for a multi-SKU item should be different

1. Variations specifics and item specifics entered for a multi-SKU item should be different

The item variation of the basic information on the first page of the datasheet cannot have the same option name as the multi-variation option on another page

Example of failure:

Item Specification

Color: Red, Blue, Yellow

Variation Specification

Color: Red

Color: Blue

Color: Yellow
